# WHAT WE PROVIDE

## ONE STOP SHOP

Through a single mobile app, users have end to end access with sports, fitness and wellness facilities.

## DISCOVER

Sports, fitness and health enthusiasts can use the apps navigational features to search for venues in their city.

## BOOK

Users have direct access to book specific timings and schedule classes directly with our partners.

## CONNECT

Make a profile and link up with like-minded people from your area. For sports players, host a game and post it online for others to join.

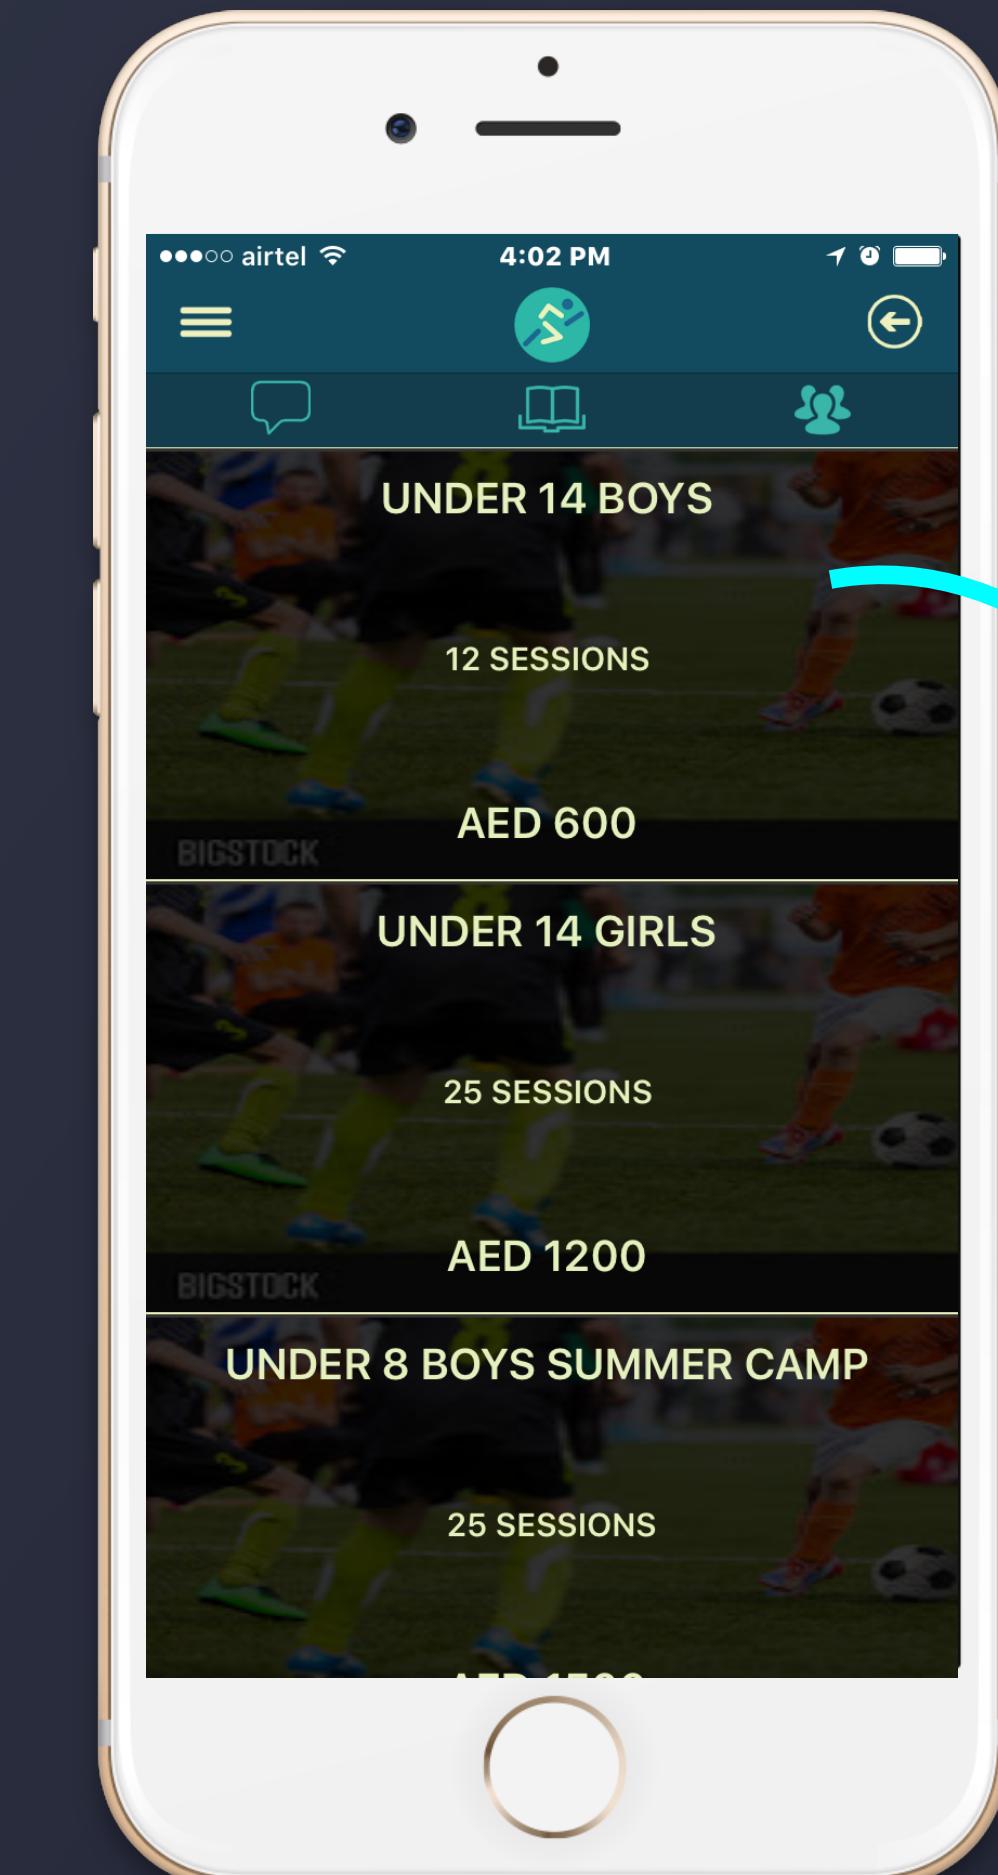

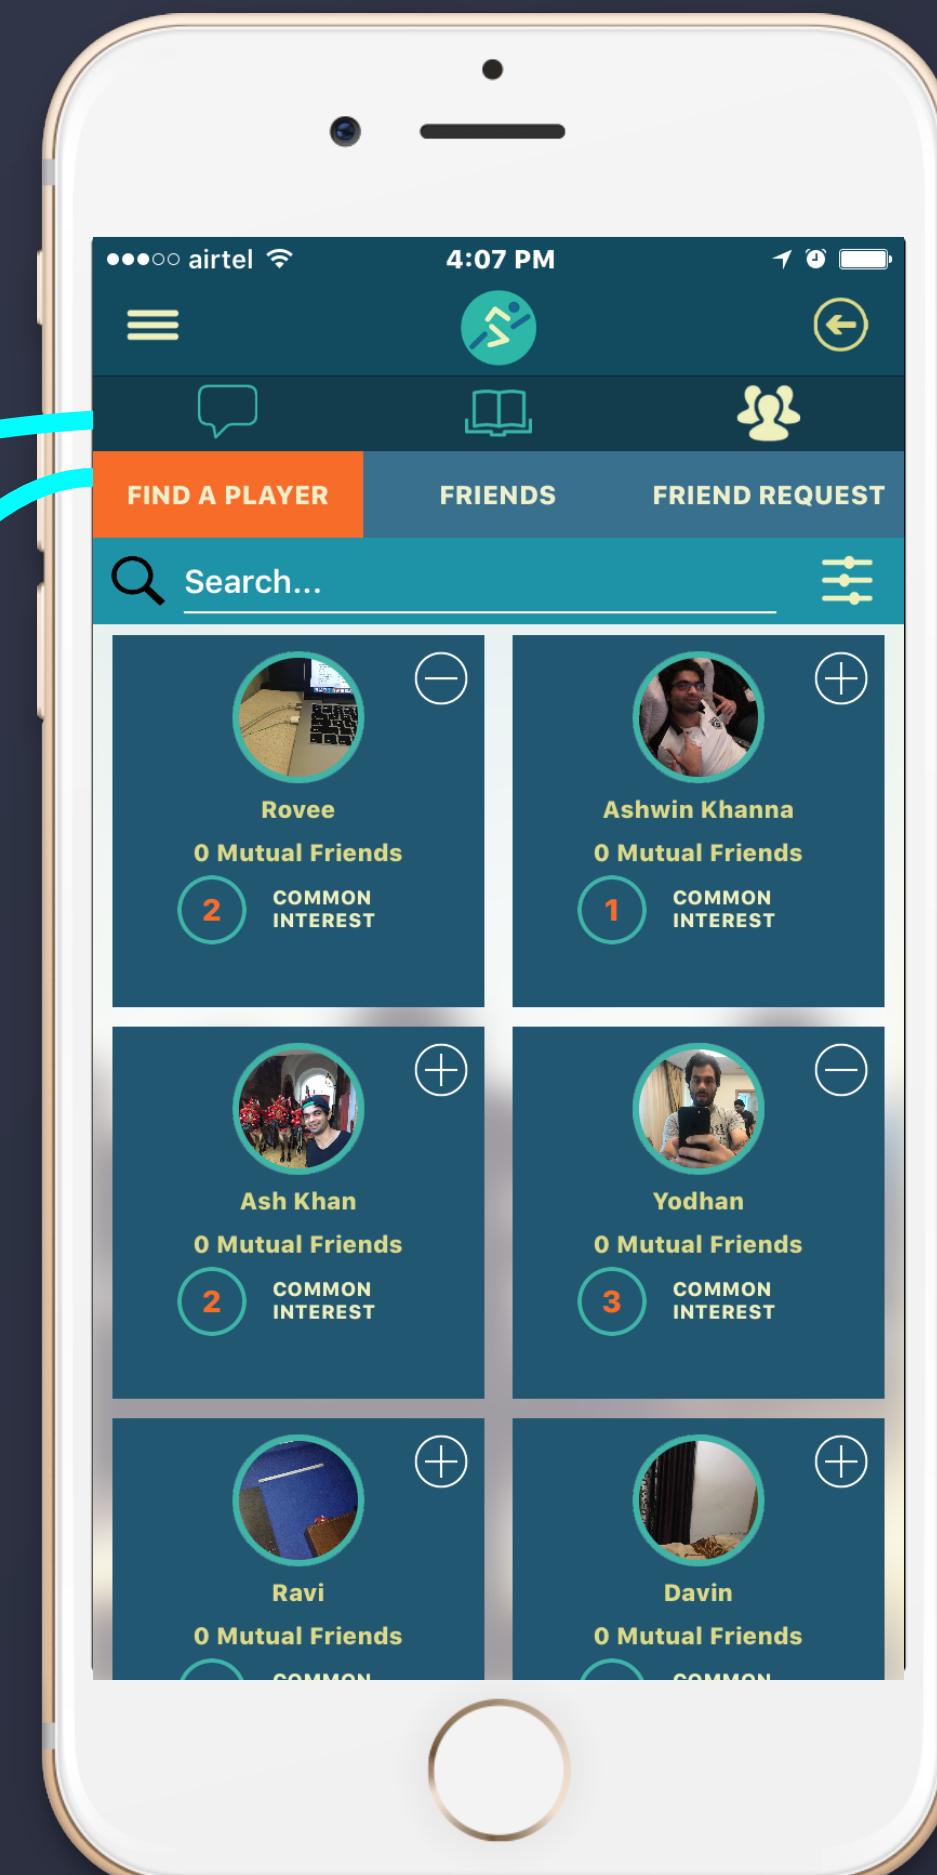

# UNIQUE SELLING POINT

## Chat

Inbox message your friends to link-up for an activity.

## Find-A-Player

Newcomers to town, tourists or sports enthusiasts can connect with one another based on activity preferences and skill level

## Great offers

For those enthusiasts whose pockets are hurting, SIO gives access to the best deals available in the market.

# HOW IT WORKS

## PARTNERS LIST A SCHEDULE

- Classes or sessions
- Facility rentals
- Facility memberships
- Packages and offers

## USER BOOKS A SERVICE

All transactions are facilitated by our trusted partners at Payfort

## PARTIES NOTIFIED

## PARTNER PAYMENT

- We only earn when you earn. SIO facilitates transactions end-to-end between users and vendors.
- We retain a small percentage as a commission fee per booking taking place on the SIO mobile app.

# HOW CAN WE HELP YOU?

## New Clients

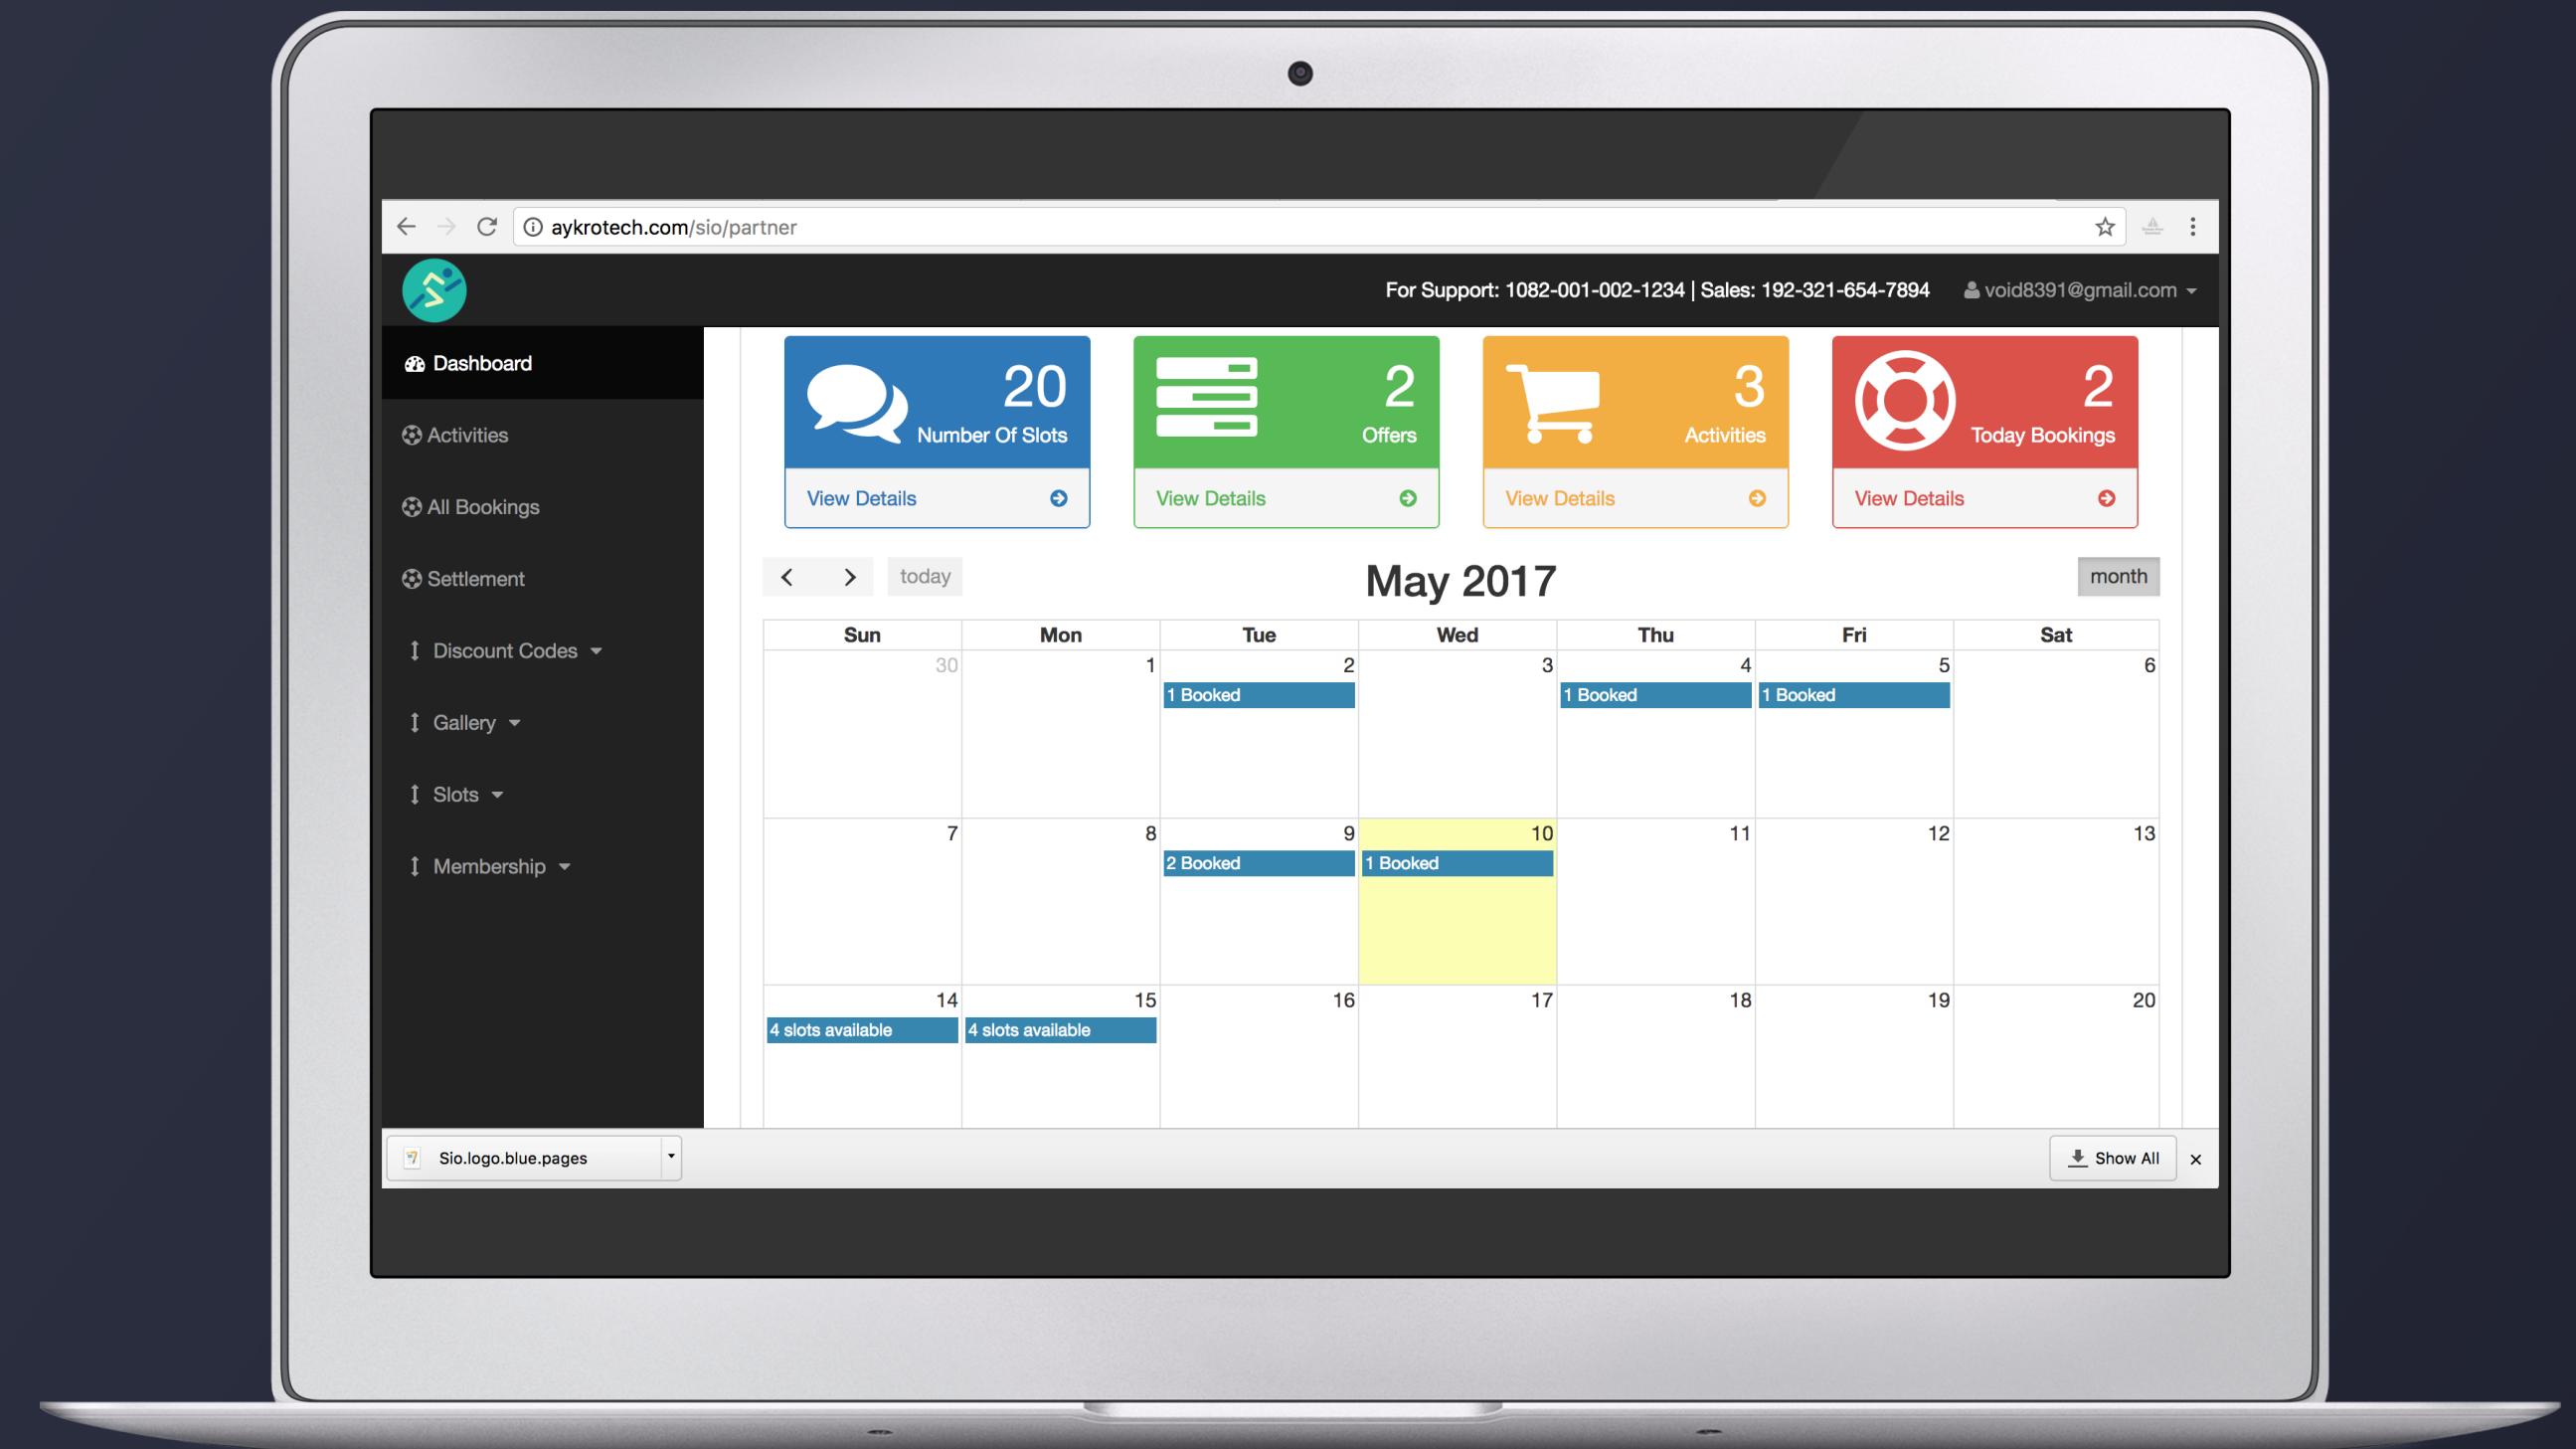

Get listed on the App for free & showcase your sessions to enthusiastic new clients

## Higher Revenue

Work at full capacity with utilisation of sessions at peak or off peak hours

## Marketing Channel

Get discovered and booked without any marketing expense

## Centralised software

Optional access to a centralised platform that helps your business manage daily operations, bookings and schedule creation.

# A LITTLE MORE ON USING THE SOFTWARE

## Gallery

Maintain your own in-app venue profile by uploading real-time pics of your venue.

## Create

Our slot creation feature allows you to make both long and short term schedules over different activities and services. These are uploaded in real time to the SIO app

## Todays Bookings

Manage daily bookings and membership sales along with user receipts and payment details.

You can even maintain and export user centric data gathered from the SIO app.
